## Notice Regarding Change of Trade Names of Overseas Consolidated Subsidiaries

Teijin Limited (the “Company”) hereby announces that the Board of Directors of Continental Structural Plastics Holdings Corporation (in the U.S.), a consolidated subsidiary of the Company, resolved to change its trade name on September 21, 2021 (local time). Inapal Plasticos S.A., Benet Automotive s.r.o. and CSP Victall (Tangshan) Structural Composites Co., Ltd., consolidated subsidiaries of the Company, will also change their company names sequentially.

### 1. Reason for change

The Teijin Group has been pursuing global expansion in the automotive composite business as an area for future sources of earnings (Strategic Focus) under ALWAYS EVOLVING, the medium-term management plan for 2020-2022. In this business, while maintaining and strengthening our presence in the United States with the top market share through expansion into high value-added applications with multi-material composites, we are also strengthening and expanding our business in Europe and China.

Under these circumstances, to maximize our total capabilities through the integration of information and technologies within the Group beyond regions, we have integrated related businesses and functions, built the business brand “Teijin Automotive Technologies,” and decided to change the trade names of related companies. Under the new company names, we will further strengthen and expand the global presence of the Teijin Automotive Technologies business.

### 2. New trade names and schedule for change

Current Trade Name	New Trade Name	Scheduled date of change
Continental Structural Plastics Holdings Corporation	Teijin Automotive Technologies NA Holdings Corp.	Upon completion of the necessary procedures under local laws and regulations of each relevant country (scheduled for early October 2021)
